

FaulknerBrowns

We are currently seeking qualified architectural technologists of all experience levels to complement our design teams based in Newcastle.

We are recognised for our work in architectural design and placemaking. Our live portfolio of work is diverse in scale, complex in uses, and varied in context. Our buildings and places are imaginative, exciting and firmly rooted in their locale, inspiring those who encounter them to live well and do better.

We are looking for qualified architectural technologists experienced in the refinement and delivery of complex buildings to join our growing team. Successful candidates will be given the opportunity to apply their experience and ingenuity to our diverse project portfolio, including sport, community, commercial, residential, and education projects.

Role qualities and skills required:

- Ability to work closely with the team members to develop a clear conceptual and delivery-focused design agenda for one or more core projects at all phases of development
- Ability to understand and formulate technical solutions and present internally and externally for discussion
- Ability to work collaboratively with external consultants and contractors to deliver high quality buildings
- Excellent organizational and communication skills
- Ability to work well under pressure and meet deadlines efficiently
- Able to demonstrate initiative and a proactive approach to daily tasks
- Flexible attitude
- Strategic and critical thinking
- Good interpersonal skills
- Self-motivated
- Quality-driven in all aspects of work – drawings, renders, presentations, construction documentation and site administration
- BREEAM / Passive House project delivery experience an asset
- Proficiency with Revit essential. Other packages would be an asset

To apply for this role, please email careers@faulknerbrowns.com with your CV and a link to your portfolio.

FaulknerBrowns is an equal opportunity employer and committed to eliminating discrimination and promoting equality and diversity in its own policies, practices and procedures and in those areas in which it has influence. The Practice recognises the benefits of having a diverse workforce and will take steps to ensure that we recruit from a wide pool of candidates and employment opportunities are open and accessible to all on the basis of their individual qualities and personal merit.
